

A small school with big school opportunity:

We are a budding school but a part of a much bigger group. We work closely with our partner school and together strive to provide a better education for our kids.

.....So why not we!!!

Your child's learning adventure can unfurl here. So let us all welcome you to our Joy Family.

The best possible start

Here at Joy School happiness, confidence and high quality personal achievements are our priorities. Our loving and nurturing environment gives every child the confidence to strive for the best.

At Joy School the children aim high. The school set the target and the teachers along with the parents work together, hand in hand, to form a parent teacher partnership to achieve the target.

About JoyPedia

At Joy School, children learn to share and care. It is the place where the children learn the best by doing things on their own. Our scientifically designed flexible spiral integrated curriculum always tries to stimulate and tap the latent potentials of our children and convert them into their passion and strength. Their imaginations are ignited and their curiosity is triggered. Academic success plays a pivotal role of all what we do.

Child-friendly learning environment

Classrooms are designed to cater to the specific needs of students of all ages, providing them with a sense of security and consistency from kindergarten to high school kids.

Creativity & Physical Education

Our children are encouraged to be creative and therefore every opportunity is taken to develop their confidence, knowledge, self-esteem and life skills through technology, physical education and the creative & performing arts.

Curriculum & Pedagogy

Joy School follows the best practices of CBSE curriculum that is stimulating and creative, which emphasizes on trans-disciplinary education through an inquiry-based approach to learning.

Co Scholastic Areas

Music, Dance and Dramas play an important role in the life of our Joy Schoolers. Our children enthusiastically participate in the program and often showcase their talents.

It is well said

“A healthy mind resides in a healthy body”. –

Our well-structured sports and game plans help our children to develop their gross motor skills. Our children enjoy basking in the sun playing different sports. Our curriculum is packed with events, activities, fieldtrips which really excites the children and thus providing experiences that last for years to come.
